

Innocent Child

Axel Rudi Pell

Hangin' out on the street
With a face full of tears
I couldn't understand why
He puts me down in a hole
I don't know where to go
That's tearin' at my soul

Endless pains goin' far too long
Broken souls could never be so strong again

I'm an innocent child
Hear me calling
I'm an innocent child
Hear me calling
I'm an innocent child
Hear me calling
Innocent child
Hear me calling

The nice guy was calling
He taught us not to fear
And don't go cryin' to others
He was bad to the bone
With a heart made of stone
Naked bodies all alone
