Innocent Child

Axel Rudi Pell

Hangin' out on the street With a face full of tears I couldn't understand why He puts me down in a hole I don't know where to go That's tearin' at my soul

Endless pains goin' far too long Broken souls could never be so strongagain

I'm an innocent child Hear me calling I'm an innocent child Hear me calling I'm an innocent child Hear me calling Innocent child Hear me calling

The nice guy was calling He taught us not to fear And don't go cryin' to others He was bad to the bone With a heart made of stone Naked bodies all alone
