

# Long Time

Axel Rudi Pell

Take your spell away,  
like u did it before,  
cuz i don't need  
it anymore

4 a summertime,  
we were living a lie,  
but who knew love  
was gonna die.

No more foolin',  
cuz you' re drivin'  
me insane  
u better stop moving',  
or you' re gonna feel  
the pain

I its's been a long time,  
it was a long time ago.  
we tried everything,  
yeah, we tried it all,  
still our love would  
take a fall.

Another sleepless night,  
another endless day  
the memories just  
fade away
