

Oceans of Time

Axel Rudi Pell

capo I

I see you turning, turning away
And we're ready to leave, to the bridges of sin yeah

Seven wonders, we are ready to fly
Like an eagle, we're touching the sky

We sailed across the ocean
On the wind of the sea
We're sailing on the oceans of time
We're moving through the twilight
Passed the black moon on our way
We're sailing on the oceans of time
