

Sweet Lil' Suzie

Axel Rudi Pell

She's young fine like
a sip of good wine,
she plays like she's
dyin' 2 meet u
if u take her home,
once u get her alone,
that's when her
innocence beats u.

Same old story
4 a small town girl,
she's gonna play u like
a fool, yeah,
she'll take u up
then bring u down,
have a drowning in your
own little pool, yeah.

Oh, sweet little suzie, who's
your victim 2 night
on sweet suzie won't
u turn out the lights,
(give it 2 me now)

Well, i played along,
thought i'd know the game.
took a chance
with a true emotion
gave her heaven more
than anyone could give
swearred on my devotion.

She took it all in stride,
just another ride,
u know i must've been
a blind, yeah,
cuz, now she's feedin' off
another lost soul,
she's got your heart on
the line, yeah.
