

# Time of the Truth

Axel Rudi Pell

I was born in a cave of a mountain  
I couldn't hear they were calling my name  
All they said "it's the curse of the haunted"  
I couldn't see that they're burned down in flames

Run away from the gates of thunder  
Escaping from the scary dream  
Holy knights, the seven wonders  
(Will) help me through this mystery  
Looking back there's a light in the darkness  
Shining through the hole in the sky  
The walls came down at the wizard's crown  
Oh I wish, I wish I could fly

Locked again in a mountain  
Dancing through the fire, ice and snow

Ooh, it's the time of the truth  
Don't wanna hurt you  
The liar and the fool  
Ooh, it's the time of the truth  
Don't wanna hurt you  
The liar and the fool  
Wooh...

The grinder and the fallen angel,  
The hangman's work was left undone  
The gates of life are closed forever  
Searching for the midnight sun  
Sailing through a sea of shadows  
Riding on the edge of time  
The hands of doom are searching for you  
And you wish, you wish you could fly

Dreams are turning into nightmares  
And heaven turned to hell

Ooh, it's the time of the truth  
Don't wanna hurt you  
The liar and the fool  
Ooh, it's the time of the truth  
Don't wanna hurt you  
The liar and the fool

Wooh...

Ooh, it's the time of the truth  
(The time of the truth)  
Don't wanna hurt you  
The liar and the fool  
Ooh, it's the time of the truth  
(The time of the truth)  
Don't wanna hurt you  
The liar and the fool

Ooh, I don't wanna play [...]  
Don't wanna hurt you

The liar and the fool  
Ooh, it's the time of the truth  
(The time of the truth)  
I don't wanna hurt you, no  
It's the time of the truth

(The time of the truth)  
I don't wanna hurt you  
I don't wanna play [...]  
Yeeah, yeeah  
It's the time of the truth  
The time of the truth  
(The time of the truth)
