

## Visions in the Night

Axel Rudi Pell

Are u laughing, are u crying  
do u know who u are?  
if you're living well then y are u dyin'  
your soul is sadly left & scarred

Slowly turning, u try 2 leave  
before the dawn, u gotta see...

...See the visions in the night  
future's brighter there 4 u  
see the visions in the night  
if you're looking 4 the truth

Are u wanderin', are u searching  
4 the meaning of your life?  
are u waiting, now are u fighting, everyday?  
time just seems 2 past u by.

Empty lies & agony  
before tomorrow u gotta see...  
...within the visions of the night.
