

When Truth Hurts

Axel Rudi Pell

The first time we met, our heaven was on fire
My burning heart was aching, unfulfilled desire
I 'd been a fool in longing for your love
The magic is gone, we 're livin 'out of touch

Did you ever sing in the rain?
have you ever felt the pain?

Crossing the line on the edge of our time
Searching for words, when truth hurts
Our love was so strong, but now it's lost and gone
Searching 'for words, when truth hurts

You 're gone with the wind, leaving shadows of love
Our whispering hearts were torn apart
