

## Wild Cat

Axel Rudi Pell

Sneakin'thru the darkness, silence all around  
Daddy's not at home tonight, lost and never found  
howlin'at the full moon, hear a distant cry,  
tattooed Queen awaits me, passion in her eyes

Hot desire, feel the fire  
the moment she started to dance  
guns for hire red hot wire  
screamin' myself in a trance

like a wild cat - iyah iyah  
like a wild cat, breakin' out of my cage  
like a wild cat - iyah iyah  
like a wild cat  
ahhh

Stalk my feline prey, wrestle her to the ground,  
rollin' like thunder, hear the wild cat sound,  
strong will survive, this beast you'll never tame,  
cruise jungle city, tomorrow'll be the same
