

Peace Of Mind (song For Sarah)

Axium

With life on hold
Say goodbye to old habits of circumstance
The way you know me
Seems to show me why I'm glad that we took this chance

I've fallen short of grace
Each time I see your face you make me feel so free
But I can't comprise
And I won't compromise all you've done for me

I know it seems like a dream
Please, God, don't take this away from me
The way you love me all the same
I'm amazed at who you are
This moment in my life
It's like I've never loved before
The way you show me with a kiss
How much you care
You are love
You are life
You are peace of mind

The way you love me all the same
I'm amazed at who you are
This moment in my life
It's like I've never loved before
The way you show me with a kiss
How much you care
You are love
You are life
You are love
You are life
You are love
You are life
To me you're peace of mind
