

Wings Of Freedom

Axxis

There's no answer
Only silence
Emptiness spreading out
The calm before the storm
Birds don't fly
We know why
Do you realize the writtings on the wall?

A million visions let us believe in a better future world
Daring thoughts of genius minds let our hope still burn

Opinions were bought
To dispell our thoughts
Money is oue idol
Our greed for more

And I see the childrens dancing and I llok in to their eyes
How could they know today that their future is a lie

Singing ah... - wings of freedom fight - singing ah...
Singing ah... - wings of freedom fight
Singing ah... - Spreading out their might
Singing ah...

The voice of reason
Dies away
Is there anybody there
Who takes heart
Busy living
No misgiving
Will our world colapse like a house of cards?

Singing ah... - the wings of freedom fight
Singing ah... - spreading out their might
Singing ah... - sow the wind and reap the storm
Let a fire burn - there's no return
And don't give up at all

Let a fire burn - there's no return
And don't give up at all
