

# Unstoppable

Ayah Marar

There's nothing left for us here  
Taking it far as our eyes can see  
I'm saying no to the fear  
Taking a chance we like what we hear

Skin feels hot to touch, the light is bouncing  
Off my face, the rush  
And the sun will heat me up, temperature rising  
Just can't give enough

And I'm out of control, ready to go  
Trust me we're never scared  
And I'm giving it all, so just act like you know  
Trust me on this I swear

I'm unstoppable yeah  
Unstoppable  
I'm unstoppable yeah  
Unstoppable  
I'm unstoppable yeah  
Unstoppable  
I'm unstoppable yeah  
Unstoppable

Calling you out, I'm I'm calling you  
Calling you out, I'm I'm calling you  
Calling you out, I'm I'm calling you  
Calling you out, I'm I'm calling you  
Calling you out, I'm I'm calling you  
Calling you out, I'm I'm calling you

Sailing through the atmosphere  
Chasing the sun when the skies are clear  
Programmed to follow my ears  
Ready to go, only got one gear

Skin feels hot to touch, the light is bouncing  
Off my face, the rush  
And the sun will heat me up, temperature rising  
Just can't get enough

And I'm out of control, ready to go  
Trust me we're never scared  
And I'm giving it all, so just act like you know  
Trust me on this I swear

I'm unstoppable yeah  
Unstoppable  
I'm unstoppable yeah  
Unstoppable  
I'm unstoppable yeah  
Unstoppable  
I'm unstoppable yeah  
Unstoppable  
Oh oh...

We unstoppable, we unstoppable, we unstoppable oh oh oh

We unstoppable, we unstoppable, we unstoppable oh oh oh  
We unstoppable, we unstoppable, we unstoppable oh oh oh  
We unstoppable, we unstoppable, we unstoppable

Calling you out, I'm I'm calling you  
Calling you out, I'm I'm calling you  
Calling you out, I'm I'm calling you  
Calling you out, I'm I'm calling you  
Calling you out, I'm I'm calling you  
Calling you out, I'm I'm calling you  
Calling you out, I'm I'm calling you  
Calling you out, I'm I'm calling you  
I'm unstoppable yeah
