

Everything I Need

Aynsley Lister

Clean shirt, new jeans
Switch collar everything I need
New shoes, slick hair
Some are saying you can go anywhere

There ain't nothing to stand in front of me
To get me where I wanna be
Cause i've got everything I need

Pretty woman fast car
A fancy watch that tells you where you are
No bills they ain't paid
I got a nice warm place to stay

There ain't nothing to stand in front of me
To get me where I wanna be
Cause i've got everything I need

I've got everything I need

Clear shirt, new jeans
Slick collar everything I need
New shoes, slick hair
Some are saying you can go anywhere

There ain't nothing to stand in front of me
To get me where I wanna be
Cause i've got everything I need

I've got everything I need
