

She's A Woman

Aynsley Lister

She's a woman
Yeah, but that's alright
She's a woman
Yeah, that's alright
You know anything she say or do
You know you're wrong and she's right

You know my Baby, she thinks she can tell me what to do
I ain't surprised how many men she's been through
Wakes me in the morning she's as nice as can be
She says we're going shopping but that's news to me

She's a woman
Yeah, but that's alright
You know anything she say or do
You know you're wrong and she's right

She drags me round town all day, she needs a new dress
She says "Shut up moaning, they take American Express"
Yeah it's different when we're in a record shop
Them days is over, today we're not

She's a woman
Yeah, that's alright
You know anything she say or do
You know you're wrong and she's right

She takes my car without my consent
She's never had a smash but she's seen around town
Now if I want to borrow something from her
I have to get down on my knees and beg for it first

But she's a woman
Yeah, that's alright
You know anything she say or do
You know you're wrong and she's right

She's a woman
Yeah, that's alright
You know anything she say or do
You know you're wrong and she's right
