

Milky Way

Ayo

Tonight we'll fly over the roofs
We'll kiss the moon,
dance with the stars and ride a satellite
Tonight we'll climb up into the sky
We'll skate along the Milky Way
and build our own half pipe

Tonight, tonight
Tonight, tonight

Mum, I'm scared to sleep
I need for you to sleep with me
Cause when I close my eyes
I see things that I don't like

Tonight we'll fly over the roofs
We'll kiss the moon,
dance with the stars and ride a satellite
Tonight we'll climb up into the sky
We'll skate along the Milky Way
and build our own half pipe

Tonight, tonight
Tonight, tonight

Mum I don't wanna sleep
Cause in my dreams
I see things that frighten me
In the dark, I just can't see
I need some light to shine on me

Tonight we'll fly over the roofs
We'll kiss the moon,
dance with the stars and ride a satellite
Tonight we'll climb up into the sky
We'll skate along the Milky Way
and build our own half pipe

Tonight, tonight
Tonight, tonight
Tonight
