

## Comatose

Ayreon

No need (5x)  
No need to feel the pain  
No need to feel betrayed  
No need to feel inane  
No need to feel afraid

Wake me up before I die, hold me close  
As I gaze upon to the sky, comatose  
No reason to survive, I suppose  
Wake us up before we die

No need to feel desire  
But I need you with me  
No need to feel so small  
But I need to feel secure

No need to feel the fire  
But I need to feel free  
No need to feel at all  
But I need to know for sure

Wake me up before I die, hold me close  
As I gaze upon the sky, comatose  
No reason to survive, I suppose  
Wake us up before we die
