

For Satan My Blood

Azarath

King of underworld
Master of undead horde
Your glory foretold
We summon thee - our Lord

For Satan my blood
For Satan my soul
For Satan
In hell I shall burn
Forever and more ...
For Satan

Spread black wings
Upon heavenly skies
Falls your idol king
The holy bastard - fuckin' dies

For Satan my blood
For Satan my soul
For Satan
In hell I shall burn
Forever and more ...
For Satan

Useless human meat
Screaming and bleeding

King of underworld
Master of undead horde
Your glory foretold
We summon thee - our Lord
