

Say Yeah

AZIATIX

So many shorties, eeny, meeny, miny mo'
Every single eye on me when I get up on the floor
Let me see you move that body, let me see you bump and grind
Up, down, to the left and right, then baby bring it down low
I'ma show the girls I'm bout it
And they gon' show me how they ride it
'Cuz still the sun comes up shining
I'ma bring that heat so I can change the climate
Forget a baller just get a piece of Jay so you can come peep ga
me at over time
Golden child I'm born to shine, my A+ game like all the time

Who's up for another round, tonight it's going down
We bout to run this town, got you jumping up and down

Don't worry 'bout a thing 'cuz drinks are on me
Hypnotic, Jin and Tonic, you ain't getting over me
So I'ma get up off of my feet and party, jump 'till I'm off the
ground
G5, G6 I'm fly, no lie, got nothing on me
'Cuz I been on my 9 to 5 and now I'm 'bout to get me some work,
work
'Cuz I been the man ever since my birth, now I'ma show them wha
t I'm worth, worth
Got you moving on the dance floor, the DJ makes you dance floor
Move like a freak when you move with the beat, but girl keep yo
ur pants on

Who's up for another round, tonight it's going down
We bout to run this town, got you jumping up and down

So raise up your glass, cheers to the good life and have a blas
t
And I don't even know if I'm drunk, but I have to ask
Baby girl, let me get that ass
So as long as all the lights are glowing
Music out the speakers blowing
Flowing, people on the floor
So might as well keep going

I'll make you feel right, so come with me tonight
And we can rock, 'till we drop, 'till the daylight
Girl play the game right, then girl do what you like
Move to the left, to the right, rockin' all night

Who's up for another round, tonight it's going down
We bout to run this town, got you jumping up and down
