

Across The Ocean

Azure Ray

Now I've traveled across the ocean
With the same shoes just longer hair
I still carry that picture in my wallet
From the photo booth yeah, it's still there

Just give me some kind of sign
Is this the right place
Or the right time

Now I've landed in the Midwest
Where you lived so long ago
Remember I was always freezing
And now I'm covered up in snow
Please give me some kind of sign
Is this the right place
Or the right time
