Never Give Up

Clap your hands everybody  
Everybody clap your hands  
Left-Left to right  
Right-Right to left  
Everybody just clap your hands  
Clap your hands everybody  
Everybody clap your hands  
Left-Left to right  
Right-Right to left  
Put your hands up in the sky

This is only beginning  
We never back down  
Do whatever it takes  
We out
