

Blues Man

B.B. King

I've traveled for miles around
Seems like everybody wanna put me down
Because I'm a bluesman
But I'm a good man, understand
I went down to the bus station
Look upon the wall
My money is to light people
Couldn't go no where at all
I'm a bluesman
But I'm a good man, understand
The burden that I carry, oh is so heavy
It seems like ain't nobody in this great big world
That would wanna, wanna help old B.
Hey, but I'll, I would be all right people
Just give me a break, good things come
The those wait, and I've waited a long time
I'm a bluesman
But I'm a good man, understand
