

## Country Girl

B.B. King

You know my little girl  
She's a country girl  
Yes my little girl  
She's a country girl  
But she means more to me  
Than anything in this world

Yeah she fix my breakfast lunch and dinner  
And she bring it on home on time  
She fix my breakfast lunch and dinner  
And bring it all home on time  
Yes you know I'm glad to be back home  
Hey with this little girl of mine

You know I'm glad glad glad  
I'm glad to be back home at last  
What I'm glad glad glad  
I'm so glad to be back home at last  
Since I've seen my baby  
Yeah how many days have passed

Yeah you know I flew into the station  
About six forty-five  
Yeah my plane it made it into the station this morning  
About six forty-five  
Yes you should've seen my baby's face  
To see my plane arrive

Yes it made me feel so good  
To walk in through the door  
Yes it made me feel so good to walk into the door  
You know and find everything the same  
Even my pallet layin on the floor

And I said hi hi baby I won't worry no more  
Whoa I said hi hi hi baby, I won't ever worry any more  
You know I got home this mornin  
And I ain't goin outa that door.
