## **Fine-Looking Woman**

Got a fine lookin' woman, lives way across the town Yes, she's a fine lookin' woman, lives way across the town Whenever I see that woman My love comes tumbling down

She's a fine lookin' woman and she soothes my worried soul She's a fine lookin' woman and she soothes my worried soul Well, she put the lights out on me Then I gave up all my gold

She's a fine lookin' woman and she shakes all the men Yeah, fine lookin' woman and the meat shakes on the bone Well, everytime she shakes mine Then all my body's gone
