If I Lost You

You're the greatest thing in my life, baby Without your love, baby I don't know just what I would do Years of loving you, you've been so true I believe I'd lose my mind if I lost you

I guess I've been lucky to have someone so dear To talk and laugh and always bring me cheer After all of these years you've been so true to me, baby I believe I'd lose my mind if I lost you

After all of the lies I've told you Just like giving you the stars And buying you mink coats Mink coats and diamonds, baby Money in the bank and each year Each year two brand new cars

You're the greatest thing in my life, baby Between me and you I know I've got the best deal Let me thank you, baby, you've been so true I'd lose my mind if I lost you **B.B. King**
