

# If You Love Me

**B.B. King**

If you love me  
You will give your heart  
Why should be apart  
If you love me

If you love me  
You will know the truth  
I wasn't born to lose  
And I love you

Affinity and communication  
That makes reality  
Understanding is the first thing  
It means so much to me

If I love you  
I will find the key  
If it's meant to be  
'Cause I love you

Affinity and communication  
That makes reality  
Understanding is the first thing  
It means so much to me

If I love you  
I will find the key  
If it's meant to be  
'Cause I love you
