Troubles, Troubles, Troubles

B.B. King

Troubles, trouble, troubles

Troubles is all in the world I see

Troubles, trouble, troubles

Troubles is all in the world I see

Oh, sometimes I wonder

Wonder what is gonna become of me

When I wake up early in the mornin'

Blues and troubles all around my bed

Oh, when I wake up early in the mornin'

Blues and troubles all around my bed

Oh, I never will forget people

The last words I heard my baby said

She said, "I'm leavin' you in the mornin'

B.B. and cryin' won't make me stay"

She said, "I'm leavin' you in the mornin'

B.B. and your cryin' won't make me stay"

Ah, the more you cry, honey

The farther you're goin' to drive me away

Oh, if you just got to go, baby

I hope you will come back one day

Oh yes, if you just got to go baby

Please come on back some day

Oh, but I never will forget, baby

Baby, the way we used to love and play
