

## Understand

**B.B. King**

I've traveled from town to town  
Seems like everybody wanna throw me down  
'Cause I'm a poor man  
But I'm a good man, understand

I went down to the train station  
Looked up on the wall  
My money was too light, baby  
Couldn't go nowhere at all  
I'm a poor man  
But I'm a good man, understand

The burden that I carry is so heavy, you see  
It seems like there ain't nobody in this world  
Who would wanna help poor me

Well, I would be all right, baby  
Just give me a break  
Good things come to those who wait  
'Cause I've been a good man  
But I'm a poor man, understand
