Valence snort so much 'til they nose get sore  
It's time to graduate, bags aint doin the job no mo'  
Now a needle and some dope, tap dat green vein  
Smoke blunts sometime, it's all about that bank

Make me pump the trigga finga up when I'm after you  
Now I strap a big dick by the Girbaud sign  
You heard I'm fuckin yo bitch, so you grabbin yo 9  
Movin up like you got it on yo mind  
Flexin up for that pussy, you must don't mind dyin  
I leave ya folks cryin, you wont take out the policy  
It's 50 G, it's accidental so it increase to hundred G  
And when it come, proper

Niggas be leavin them white sheets in the UPT

My block is hot wit killas, ATF be hittin  
Niggas slangin and snortin, if we spittin we splittin

When you hear my name, nigga, you hear my street, nigga  
When you hear my street, nigga, you think six feet deep  
You think six feet deep 'cause you know I kill  
You spot me comin up the block, I'm in black wit a sparkle grill

Playin wit them hoes, nigga slip we got ya  
Rest in Peace, Hooley Hoo, 13 'til death

Niggas be leavin them white sheets in the UPT

Around my way nigga hustle, from crooked cops we fled  
Niggas struggle to support they habit, gotta keep that monkey fed  
Catchin cases every week, misdemeanors and felonies  
Playin hatin is a disease, gotta beware of jealousy  
If you ball then you hated on  
If you do bad dats what bitch niggas done waited on
