

## Doctor God

B.J. Thomas

Doctor God, Doctor God  
Won't you give me an appointment  
Been so long since I've had a check up  
Can you squeeze me in today?

Doctor God, oh Doctor God  
I know there's a long line waiting  
Emergency situation  
And I need you  
Doctor God

Now I have come to seek the prophet, yeah  
Ohhh  
Can you tell me is he in today  
Show me to the man with the healing hands  
And tell him to come and take me by my hand  
Don't you know I need, I need the Doctor,  
Right away

Doctor God, Doctor God  
Can you forgive me for the way I've been living  
Taking more than giving  
I'm just tired of living this way

Doctor God, Oh Doctor God  
Show me that road to salvation  
And lead me away from temptation  
And close the door to hate  
Ohhhhh, Doctor God
