

Don't Worry Baby

B.J. Thomas

Well it's been building up inside of me
For oh I don't know how long
I don't know why but I keep thinkin'
Something's bound to go wrong
But she looks in my eyes
And makes me realize when she says.
Don't worry baby
Ev'rything will work out all right
Don't worry baby oo.
I guess I should-a kept my mouth shut
When I start to brag about my car
But I can't back down now because I
Pushed the other guys too far
She makes me come alive
And makes me wanna drive when she says.
Don't worry baby
Ev'rything will work out all right
Don't worry baby oo.
She said now baby when you race today
Just take along my love for you
And if you knew how much I loved you baby
Nothing could go wrong with you
Oh what she does to me
When she makes love to me and she says.
Don't worry baby
Ev'rything will work out all right.
