Well it's been building up inside of me For oh I don't know how long I don't know why but I keep thinkin' Something's bound to go wrong But she looks in my eyes And makes me realize when she says. Don't worry baby Ev'rything will work out all right Don't worry baby oo. I guess I should-a kept my mouth shut When I start to brag about my car But I can't back down now because I Pushed the other guys too far She makes me come alive And makes me wanna drive when she says. Don't worry baby Ev'rything will work out all right Don't worry baby oo. She said now baby when you race today Just take along my love for you And if you knew how much I loved you baby Nothing could go wrong with you Oh what she does to me When she makes love to me and she says. Don't worry baby Ev'rything will work out all right.
