

# Everybody Loves A Rain Song

B.J. Thomas

I heard about it raining on a Georgia night  
Never saw clearly in the morning light  
I was walkin', just walkin' in the rain

She was a rainy day woman  
She made me love her  
Took my soul and I soon discovered  
I was searchin', searchin' for rainbows

Everybody loves a rain song  
Cause everybody's been rained on  
It's like a shoulder you can lean on  
One time or another  
Stormy weather

Everybody loves a rainbow  
From San Francisco to Chicago  
And no matter where I go  
It's still raining in my heart

So play me a song  
Just for a feeling  
Cause it's the only thing  
That keeps you warm  
When your memories get too cloudy to see

So rain me back home

Oh, I was walkin', just walkin' in the rain

She was a rainy day woman  
She made me love her  
Took my soul and I soon discovered  
I was searchin', searchin' for rainbows

Everybody loves a rain song  
Cause everybody's been rained on  
It's like a shoulder you can lean on  
One time or another  
Stormy weather

Everybody loves a rainbow  
From San Francisco to Chicago  
And no matter where I go  
It's still raining in my heart

Everybody loves a rain song  
Cause everybody's been rained on  
It's like a shoulder you can lean on  
One time or another  
Stormy weather

Everybody loves a rainbow  
From San Francisco to Chicago  
And no matter where I go  
It's still raining in my heart
