

## From The Start

B.J. Thomas

You are my heaven  
All is forgiven  
I'm in love with You  
You put me together  
My love's forever  
I will live for You

I was in pieces  
Wrinkled with creases  
Until You came  
Now I live only  
Simply to worship Your name

I've waited so long  
But I see I was wrong  
In not lovin' You  
It took me some years  
And some pain and some tears  
But you pulled me through

I've waited so long  
But I see You belong  
Deep down in my heart  
And I wonder why  
I didn't love You from the start

I was confused then  
Lost in a whirlwind  
That was spinnin' round  
You stopped my spinning  
Gave me a beginning  
On solid ground

Now there's a purpose  
Life's not a circus  
Since I've found You, Lord  
I'm Yours forever  
Take me and never  
Let me leave Your word

I've waited so long  
But I see I was wrong  
In not lovin' You  
It took me some years  
And some pain and some tears  
But you pulled me through

I've waited so long  
But I see You belong  
Deep down in my heart  
And I wonder why  
I didn't love You from the start

I've waited so long  
But I see I was wrong  
In not lovin' You  
It took me some years

And some pain and some tears  
But you pulled me through

I've waited so long  
But I see You belong  
Deep down in my heart  
And I wonder why  
I didn't love You from the start
