Lord I'm Just a Baby

Lord I'm just a baby Teach me how to talk Lord I'm just a baby Teach me how to walk My first word will be Daddy My first step to Your arms Lord I'm just a baby Let me have a baby's charm

I'm still a baby Lord Jesus Even though the world says I'm a man You know that I want to grow up And with your help I know I can

Lord I'm just a baby Tiny and afraid I cry when I get hungry And when I've disobeyed Please feed me 'till I'm older Then feed me when I'm old Lord I'm just a baby With a brand new thirsty soul

I'm still a baby Lord Jesus Even though the world says I'm a man You know that I want to grow up And with your help I know I can

Lord I'm just a baby With a brand new thirsty soul

B.J. Thomas
