

Storybook Realities

B.J. Thomas

I've had peace and I've had joy
Every since I found you
And everyday is full of hope
Now that I'm around you
You bring to me storybook reality

Storybook realities are what you to me
You took my rusty dreams and made them new
Storybook realities are what I live each day
'Cause everyday you've made my dreams come true
Only you
Only you
Only you

You're a way of life to me
I need you everyday
You know all my problems
Before I even pray
You bring to me storybook reality

Storybook realities are what you to me
You took my rusty dreams and made them new
Storybook realities are what I live each day
'Cause everyday you've made my dreams come true
Only you
Only you
Only you
Only you
Only you
Only you
