

# Wendy

B.J. Thomas

Tell me what's wrong  
Ohhh Wendy is gone  
Tell me what's wrong  
I said Wendy is gone

Well, have you told her that you love her  
Yes, I've told her that I love her  
Have you told her that you need her  
Yes, I've told her I need her in a thousand ways  
I told her I'd never leave her in a million days

Oh when will Wendy come home

Ohhh Wendy is gone  
Ohhh Ohhh Wendy is gone

Well, have you told her that you love her  
Yes, I've told her that I love her  
Have you told her that you need her  
Yes, I've told her I need her in a thousand ways  
I told her I'd never leave her in a million days

Ohh when will Wendy come home

She's mad at you  
Ohh but what did I do  
You found someone new  
Oh no that isn't true

Well, have you called her on the phone  
Yes, I've called her on the phone  
Have you told her you're alone  
Yes, I've told her I'm alone and that I'm feeling blue  
Since she went away I don't know what I'll do

When will Wendy come home  
Ohhh when will Wendy come home  
Oh yeah when will Wendy come home
