B.o.B

Yeah, yeah, yeah, yeah

I ain't been this fucked up in a while  
Don't know how I made it to the house  
Woke up with two bitches in my house  
Talkin' bout they wanna have my child  
Shawty, then the next thing (Finesse, finesse)  
She try to finesse me (Finesse, finesse)  
Say, say, say she like it rough, she like it wild  
I say who am I, to let her down  
Now she running in and out of shows  
And the same time, running out of towels  
Yes, she can hold a couple thous  
If I give it to her, she gon' run her mouth  
She try to finesse me, finesse me (Finesse, finesse, finesse, finesse)

If I had a someone, would you lie for me?  
If I had a hundred, would you ride for me?  
If I ain't make it home, would you cry for me?  
Motherfucking liar  
She try to finesse me, finesse me (Finesse, finesse)  
Say she like it rough, she like it wild  
I say you a model, let it down

The fountain of youth I think I done found it  
How you say your name? I can't pronounce it  
Flying a bitch, you can go out with  
You probably gon' ask me to buy a mouthpiece  
She know the promoters and all the bouncers  
Too much on my mind, like an accountant  
She said I'm 'bout to make an announcement  
Bye-bye, I think I deserve an allowance  
And then the next thing  
I woke up in the west wing  
Say, say, say she like it rough, she like it wild  
Ghetto bitch, I think she wet the towels  
Now she running in and out of shows  
At the same time, fucking up the couch  
She wanting me to hit it for a hour  
If I give it to her, she gon' run her mouth  
She try to finesse me, finesse me (Finesse, finesse, finesse, finesse)

If I had a someone, would you lie for me?  
If I had a hundred, would you ride for me?  
If I ain't make it home, would you cry for me?
