B.o.B

(Ha ha, ay man, what they call you man?)

Hello I'm just a mellow fellow
Just give me a bud and a cigarello
And I'mma keep it ghetto
Cause I stick wit it just like velcro
Cause I'm mellow (9x)
I'm just a mellow fellow

I'm real calm cool and collective
So when I walk in they know what to expect its
B.o.B. in the session
Stand in and mister all this hate so it effect it
Now thats what I call interesting
I gotta gameplan but they cant intercept it
They cant do nothing but respect it
Because my flow is anorexic, sick, its infected

(haha yeah its B.o.B. man, I'm just a mellow fellow stay real still like jello)

Well in the ghetto
The cycle is a merry go round so you curse when they cut off your umbilical
I remember when life used to be miserable
But since my brain changed I've been seeing miracles
