

Throwback

B.o.B

Go crazy to this
Go crazy to this
Go crazy to this
All my bitches get together,
go crazy to this (2x)

And throw that back (throw that back)
Don't be scared, bitch throw back
This dick right here is cleaner than a hypochondriac
Po' that yack, po' that yack
This flow, you know that's crack
This beat, you know that track
I put my city on, you be on the map
Two hands when she on, like a scooter
She told me she wish she knew me sooner
If I hit her with' a new maneuver
What she gon' do? Scream hallelujah!
Her eyes rollin', she gone
She gettin' in her zone
And when she gimme dat look
Then I'm a do whatever I want

Go crazy to this
Go crazy to this
Go crazy to this
All my bitches get together, go crazy to this (2x)

And throw that back, throw that back
Don't play bitch, throw that back (2x)

Throw that back, throw that back
Ba-ba-ba throw that back

Throw that back, throw that back
Don't play girl, throw that back

Don't play with' it
I'm a lay in it
I'm a paint yo walls, I'm a spray in it
Never go licky licky with' my face in it
If it's country wood, then you takin' it
I said my chain so bright I'm a vacation in it
And you fake ass nigga ain't made of shit
I got a hundred fifty racks just to show up
You had to pay? Nigga I got paid to sit
I bet yo girl know me, a young nigga but I'm feelin' like a OG
Add a 'r' and a 'y', that's a orgy
I got her legs in the sky she gon' walk a bunch of life with no feet
She said her booty from the motherland
She started wobblin' and poppin' like a rubber band
I'm throwin' ten racks with my right
She told me grab her ass with' my other hand

Go crazy to this
Go crazy to this
Go crazy to this
All my bitches get together, go crazy to this (2x)

I'm a pimp, did ya know that?
Bobby Ray finna throw that
And when I throw that, D I never hold back
Hoes lookin' for me like a Lo-Jack
'Ca-Cause she wanna ride it like she stole it
That camel toe, I'm finna poke it
She got her best friend with'
her and we playin' hokey-pokey
She jus' tryna focus on this wood in this pine
Bow down to the wood like a shrine
I be the 6, you be the 9
That's the only time you'll be less than a dime
Girl it's showin' time
Time to stretch, time to whine
I wanna see you wind
I wanna put it on your mind when I see you grind
Give life to the death, give site to the blind
I wanna hit it from the back like "Aah-aah-aah!"

Look
Go crazy to this, go crazy to this
Now I'm in the pipe cause you ain't fuckin' her right
A nigga lazy as shit
They go crazy to this, I could go crazy to this
Soon as that song drop, that thong drop
Just shake that!

Go crazy to this
Go crazy to this
Go crazy to this
All my bitches get together, go crazy to this (2x)
