Come On

Come on... come on... (leave em alone) Omarion, first verse... Peek-a-boo Little fine lady I see you Little Man knows what he wanna do After school You know that it's okay Truth or dare I won't play Baby if you scared Sweetheart, let him go So that I will know Come on, I know what you want No need to front Come on, leave him for me What a pretty little thing like you gonna do with a fool like him When you could be with me? Come on, wait a minute Come on, I know what you want No need to front Come on, leave him for me What a pretty little thing like you gonna do with a fool like him When you could be with me? Come on, wait a minute Hide and seek If I come catch you, boo, be with me (baby) Can you feel my flow If not, you'll creep baby, that's fa sho I'll satisfy If you give me the time and recognize Sweetheart let him go So that I will know Come on, I know what you want No need to front Come on, leave him for me What a pretty little thing like you gonna do with a fool like him When you could be with me? Come on, wait a minute Come on, I know what you want No need to front Come on, leave him for me What a pretty little thing like you gonna do with a fool like him When you could be with me? Come on, wait a minute Come on, I know what you want No need to front Come on, leave him for me What a pretty little thing like you gonna do with a fool like him When you could be with me? Come on, wait a minute Come on, I know what you want

No need to front Come on, leave him for me What a pretty little thing like you gonna do with a fool like him When you could be with me? Come on, wait a minute Omarion, J Boog, Raz B, Lil Fizz You feel me B2K on the track, baby Blowin up Dance (8x) Get him out your life - Don't be a fool Five minutes with me - No other guy will take my place Don't be dumb - he's playin in your face Get with me, baby Come on, I know what you want No need to front Come on, leave him for me What a pretty little thing like you gonna do with a fool like him When you could be with me? Come on, wait a minute Come on, I know what you want No need to front Come on, leave him for me What a pretty little thing like you gonna do with a fool like him When you could be with me? Come on, wait a minute Come on, I know what you want No need to front Come on, leave him for me What a pretty little thing like you gonna do with a fool like him When you could be with me? Come on, wait a minute Come on, I know what you want No need to front Come on, leave him for me What a pretty little thing like you gonna do with a fool like him When you could be with me? Come on, wait a minute Leave him for me

Leave him for me, cuz I want you, girl
