

# Here We Go Again

B2K

Stop thinkin people's on your jock  
Tryna act like you got money but you at the bus stop  
Oh please stop doin what you do  
Cause ain't nobody lookin at you (2x)

oh oh no no here we go again (again)  
oh oh no, oh no  
stop doin what you do cause ain't nobody lookin at you

When I pulled up in my ride it was four fly girls sittin on the side  
So I glanced to my left and I winked my eye but they wasn't lookin  
our way  
So I rolled over there and tried to spit but the main pigeon was  
tryna diss  
So I stepped to my right and said excuse me miss but ain't nobody  
talkin to you so

Stop thinkin people's on your jock  
Tryna act like you got money but you at the bus stop  
Oh please stop doin what you do  
Cause ain't nobody lookin at you (2x)

oh oh no no here we go again  
seen you at the bus stop chillin wit ya friends  
oh no you thought I was tryna get wit you  
but I was really lookin at your friend  
(I really want the digits from your friend)

When i pulled up the light was red  
Romeo hit the brakes and then he said  
Look at the girl in the pink  
b2k what you think  
I said she look real cute in them jeans  
Had me and my boys startin to fiend  
So she turned around I said turn back around  
But you ain't what I'm lookin for

Stop thinkin people's on your jock  
Tryna act like you got money but you at the bus stop  
Oh please stop doin what you do  
Cause ain't nobody lookin at you  
[two times]

[repeat chorus twice]

[third verse]  
Baby girl you can stay confused  
Cause I'm not talkin to you  
You're not tight not right not my type so take a hike don't like  
Don't like the way you fight wit me  
Wit your vibe you can't get  
Wit no guy so don't try  
Don't try

[repeat chorus]

Stop thinkin people's on your jock

Tryna act like you got money but you at the bus stop  
Oh please stop doin what you do  
Cause ain't nobody lookin at you

[repeat chorus]
