

I Beat You To It (Turn the Party Out)

B2K

Hot spots
I bang like Little Rock
Step up in the club
And watch the beat stop
Hey shorty
Can you do that dance in my drop, pop that
Make that booty clap like flip flops
Like the Flintstones
We can make the bed rock
Yes this little boy got a house on the hill
Call me Matel
I got so many hot wheels
Now you know what I'm bout
Lets turn this party out
Aight

Everybody put your hands up if you feel me
All the ladies come party with me
Fellas grab your girl
And lets turn this party out

So much sex appeal
Girl that thing can't be real
Baby tell me what's the deal
All I wanna know is can we chill
Far from average
Love your bad habits
The way that thing move
You making me want to grab it
Lets leave right now
Lets stop playing around
There's a lot I want to do for you
How does that sound
You's a cutie
Scarf over your doobe
Look at that Gucci
Look good on your booty
What's really good
Can I floss you in my hood
Tell you things
Tell you things that you need i mean knock on wood
So let make it happen
If you want to handle it
Tonight I'm a good man
But tommorrow I'm scandalist
So grab your coat
Let make a exit
And if your moms is home
Girl we hittin da Lexus

Everybody put your hands up if you feel me
All the ladies come party with me
