Girl, you messed up when you let me in
And you told your best friend that you wanted me
Then she called me up and hip me to your steez
She told me you were looking for a guy like me
So i said hold on, i ain't the one
Unless the shorty really wanna have some fun
But she said that you told her
I was what you want
So when i call you don't try and front uh huh

I'm the Benz with the 20's that you wanna drive
I'm the thug in your life that'll treat you right
Gotch hooked cause i'm bringing everything you like

Uh huh, i know that you wantin' this
Uh huh, but tell me can you handle it
Uh huh, show me how you work dem hips
Uh huh, and maybe you can roll wit it

Now we all out in the open
Everybody knows about you and me
Ain't no more need
For you and me to creep
I want so bad
And i don't care who sees
So girl hold on, i got what you want
I know you ain't scared
To go and have some fun
So let your girlfriends know
That you found someone
Who's keeping you tide & sprung uh huh

Im the guy in the dream you had last night
I'm the Benz with the 20's that you wanna drive
I'm the thug in your life that'll treat you right
Gotch hooked cause i'm bringing everything you like

Uh huh, i know that you wantin' this
Uh huh, but tell me can you handle it
Uh huh, show how how you work dem hips
Uh huh, and maybe you can roll wit it

Uh huh, i know that you wantin' this
Uh huh, but tell me can you handle it
Uh huh, show how how you work dem hips

Uh huh, and maybe you can roll wit it
