

Understanding

B2K

I'm young, like to hang with my crew have fun
but it seems like all the girls I know, never understood that f
low.

like this one, when i first met her she was so cool, but when i
told her i need space, she got
all in my face.

realizing what i need (the kind) of girl to be (for me) now i s
ee its going to take some
understanding.

you want to be the one i'm looking for. the perfect one i need.
you've got to be sexy and
secure and be understanding. cause i'm the kind of guy that lik
es to twerk no drama thats just
me. if you want to be the one i want then be understanding.

now check it. one girl she had a little game (personality for d
ays) insane the cutest little
hotty chic (she had the body and wit to go wit it) but she had
a problem with insecurity
(jelousy with me) but i'm not the one for drama though so i had
to let her go.
