

# All The Girls

B3

Hangin' out at Wet Willie's  
On Ocean Driver  
Sippin' on a Brain F'reeze  
Watchin' the girls go by  
Feelin' kinda lucky  
To live this life  
Thanks to you  
And every little thing you do  
I remember

All the girls on the concert scene  
Wear their miniskirts and real tghit jeans  
All the girls who like to scream  
Sing yeah ee-yeah

All the girls from MIami Beach, City of Angels to NYC  
No matter where I go  
Where would be without all the girls

## VERSE 2

Chillin' out on Newport Beach  
Everthing reminds me of MTV  
Cruisin' round with the top down  
Lookin' around at the beautiful ladies  
We got the ponytail blondes  
Barely nothin' on  
They're soakin' up the sun  
Everyone  
Let's get it on  
I remember
