

All The Girls

B3

Hangin' out at Wet Willie's
On Ocean Driver
Sippin' on a Brain F'reeze
Watchin' the girls go by
Feelin' kinda lucky
To live this life
Thanks to you
And every little thing you do
I remember

CHORUS

All the girls on the concert scene
Wear their miniskirts and real tight jeans
All the girls who like to scream
Sing yeah ee-yeah
(yeah ee-yeah)
All the girls from Miami Beach, City of Angels to NYC
No matter where I go
Where would be without all the girls

ee-yeah ee-yeah ee-yeah ee-yeah
ee-yeah ee-yeah ee-yeah ee-yeah

yeah ee-yeah

VERSE 2

Chillin' out on Newport Beach
Everything reminds me of MTV
Cruisin' round with the top down
Lookin' around at the beautiful ladies
We got the ponytail blondes
Barely nothin' on
They're soakin' up the sun
Everyone
Let's get it on
I remember

CHORUS

MIDDLE&/ BRIDGE

Join the party in paradise
Together we'll be alright
Take a trip to a brand new world
Dedicated to all the girls

Join the party in paradise
(p-p-paradise)
Together we'll be alright
(b-bbe alright)
Take a trip to a brand new world
(b-b-brand new world)
Dedicated to all the girls
