Can't Fight The Feeling

A sucker for your loving - a sucker for your kissing
It's like a heatwave in July - everytime we're eye to eye

Rubbing - a sucker for your twisting
You take me to the danger zone - but leave me shaking to the bone

Sweet like honey - banging like a bomb
Turning me on, turning me on, turning me on...

Can I have it? Can I touch it?
Now you really gotta let me know
Cause I feel like I'm about to blow
When you act like that -Can't fight the feeling
Grab it? Can I love it?
Now you really gotta let it show
Cause I don't know how to take it slow
When you act like that Can't fight the feeling

A sucker for your touching - a sucker for your teasing
But I'm not out to sneak a feel - I wanna get to freak
for real
hugging - a sucker for your squeezing
I bet you feel it all inside - so let me know I'm qualified

Sweet like honey - banging like a bomb
Turning me on, turning me on, turning me on...

Can I have it? Can I touch it?
Now you really gotta let me know
Cause I feel like I'm about to blow
When you act like that -Can't fight the feeling
Grab it? Can I love it?
Now you really gotta let it show
Cause I don't know how to take it slow
When you act like that -Can't fight the feeling

Baby I'm excited - gotta have it

I can't deny it - gotta have it
I don't know how to fight it - gotta have it
Turning me on, turning me on
Love the way U flaunt it - gotta have it
Girl I really want it - gotta have it
Cause you're turning me on, turning me on, turning me on

Can I have it? Can I touch it?
Now you really gotta let me know
Cause I feel like I'm about to blow
When you act like that - I cant could back
Grab it? Can I love it?
Now you really gotta let it show
Cause I don't know how to take it slow
When you act like that -Can't fight the feeling

Can I have it? Can I touch it?

Now you really gotta let me know
Cause I feel like I'm about to blow
When you act like that - Cant fight the feeling
