

Every night I fall asleep
I say goodnight to the one I'll meet
Knowing one day fate will find you
And lead us home to solitude
The wind blows... the time grows...

CHORUS

This is to my future lover, wherever you may be
are you hiding in the moonlight
The same casts over me
This is to my future lover
When will we meet
But it can't be that easy wont you come to me

I wake and blow a kiss into the wind
I hope it grows wings and lands under your skin
We'll bruise each other badly
Feel pain deep in our hearts
But soul mates are forever and we're never gonna fall apart
The wind blows... the time still grows...

CHORUS

Give me a sign (sign)
I know you're mine
Come be my saving grace (wont you find me)
Give me a sign, give me a sign
I know you're mine (mine)
Come be my saving grace... (yeah)

CHORUS

But it can't be that easy
Dream a dream of me...
