

## Future Lover

B3

Every night I fall asleep  
I say goodnight to the one I'll meet  
Knowing one day fate will find you  
And lead us home to sulitude  
The wind blows... the time grows...

CHORUS

This is to my future lover, wherever you may be  
are you hiding in the moonlight  
The same casts over me  
This is to my future lover  
When will we meet  
But it can't be that easy wont you come to me

I wake and blow a kiss into the wind  
I hope it grows wings and lands under your skin  
We'll bruise each other badly  
Feel pain deep in our hearts  
But soul mates are forever and we're never gonna fall apart  
The wind blows... the time still grows...

CHORUS

Give me a sign (sign)  
I know you're mine  
Come be my saving grace (wont you find me)  
Give me a sign, give me a sign  
I know you're mine (mine)  
Come be my saving grace... (yeah)

CHORUS

But it can't be that easy  
Dream a dream of me...  
yeaha
