

## Just Get On With It

B3

What a night that we both had  
All the moments that we shared  
I'm about to go erratically crazy

Can't believe that this is real  
Can't believe the way I feel  
I'm fanatically attracted to you, Babe

The mood is right by the fireside  
You and me, yeah come on let's ride  
Do with me what you did that night  
I love you madly

Just get on with it, Baby  
Only you can save me  
Yes, it's true, I wanna be with you  
I need you now, I need you daily

Just get on with it, Baby  
Only you can save me  
Yes, it's true, wanna be saved by you  
A night without you drives me crazy

Only words cannot express  
What it means when I confess  
That I'm desperately wanting you so much

I will never make you cry  
I will never say good-bye  
I am physically addicted to your touch

Come to me, I will do you right  
I'm complete when you're by my side  
Let me know, tell me what you like  
I want you badly

Just get on with it, Baby  
Only you can save me  
Yes, it's true, I wanna be with you  
I need you now, I need you daily

Just get on with it, Baby  
Only you can save me  
Yes, it's true, wanna be saved by you  
A night without you drives me crazy

I'd do anything just to have you close to me  
It's the way that you do what you do so slowly  
Never thought something like this could happen to me  
I'm completely into you - go on, do the things you do

Just get on with it, just get on with it, just get on with it  
Like you used to do and don't make me wait  
Just get on with it, just get on with it, just get on with it  
Like you used to do, I love you so madly

Just get on with it, Baby

Only you can save me  
Yes, it's true, I wanna be with you  
I need you now, I need you daily

Just get on with it, Baby  
Only you can save me  
Yes, it's true, wanna be saved by you  
A night without you drives me crazy

Just get on with it, Baby  
Only you can save me  
Yes, it's true, I wanna be with you  
I need you now, I need you daily

Just get on with it, Baby  
Only you can save me  
Yes, it's true, wanna be saved by you  
A night without you drives me crazy  
Yes, it's true, I wanna be with you  
I need you now, I need you daily  
Yes it's true, I wanna be with you  
And you're the only one who can save me
